

We're looking for our perfect match.

- WE are a transcription company specializing in QUICK turnarounds!
- WE mean <24 hours (majority) to same day (occasional) by quick turnaround.
- WE pay well.
- WE assign no more than 30 minute audio or video digital files at a time.
- WE email/text our roster of transcribers when work comes in and assign the work in order of replies.

Are you a match?

- YOU are a professional transcriptionist with at least 5 years experience.
- YOU watch movies and read a lot about the entertainment business.
(For example, director Tony Scott. Can you name one of his movies? Who's his famous director brother? If you don't know, that's fine, but we're not a match.)
- YOU are at your computer working anyway M – F from 5pm to 9pm PT (LA time) and can answer emails OR can get email on your phone and reply ASAP.
- YOU would love to put aside your lower paying, long turnaround transcription work to spend 2-3 hours on our higher paying work!
- YOU aren't intimidated by difficult transcriptions – talk overs, poor recordings, accents, etc. – because you know they pay more!
- YOU agree with our philosophy: “Your word is your bond.”

\$ PAY \$

\$1.50 / audio minute for <24 hour turnaround to **\$5.00 /audio minute** same day.

This high pay requires perfection! If I can hear it, so must you.
